# Peak Season Surcharge

Effective October 15, 2021 to January 15, 2022

## Residential Peak Season Surcharge – Effective November 1, 2021

Effective November 1, 2021 Canpar Express will be implementing a Peak Season Residential Delivery Fee of \$0.75 on all residential shipments.

Customers who meet either of the conditions below will be charged an increased Peak Season Residential Delivery Fee based on the level of growth in average weekly residential volume over March 2021. The Peak Season Residential Fee will be assessed in addition to the customers current residential surcharge on all residential shipments. For invoicing, the Peak Season Residential Delivery Fee will be combined with customer’s current charges.

The following table outlines the Peak Season Residential Surcharge that will be applied to residential volume effective November 1, 2021.

Charge	Baseline Period	Peak Index	Charge Per Shipment
Peak Season Residential Surcharge	March 2021	0 to 109	\$0.75
		110 to 199	\$1.25
		200 to 300	\$2.00
		Over 300	\$2.50

### Condition 1:

- Customers that shipped more than 7,000\* weekly average shipments from March 1, 2021 – October 31, 2021 or any week thereafter while peak period remains effective. Residential Peak Surcharge will apply to all residential shipments based on the Peak Index achieved as determined by Canpar Express in its sole discretion.

### Condition 2:

- Customers with growth in volume at a Peak Index value of 300 or more compared to the Baseline Period will be assessed a Peak Season Residential Surcharge. Residential Peak Surcharge will apply to all residential shipments based on the Peak Index achieved as determined by Canpar Express in its sole discretion.

Peak Index is calculated by the following formula:

$$\text{Peak Index} = (\text{Measured Weekly Volume} / \text{Baseline Period Weekly Volume}) * 100$$

\*For weeks with holidays, weekly average value will be prorated based on the Canpar Express normal operating days during non-holiday weeks.
